### Committee Reports:

The Yard of the Month for April is 514 Maple Drive.

Property Maintenance Committee members once again expressed concern for ordinance violations. One new residential property address was brought to our attention and shall be passed to code enforcement dept.

Grants Coordination Committee reports nothing new. We currently have no one on the committee who is proficient in Grant Writing.

Signage- Way-Finding and Welcome signs have been priced/ we have estimates through work of Nancy Jo Weber and John Adair. Council has been asked to consider the new estimates in order to move forward with the project.

### Old Business:

Adopt A Beach program has all Beach Access covered/ has Volunteers on all and some have double coverage.

expressed interest from the BBQ Festival to help with Baskets will be contacted if needed once date and time are confirmed. Also, We need 4 Hanging Baskets cared for at the Pier/ on the Ramp area. Weeding has been done at the South Welcome Sign area. Rosemary is now planted in place of the struggling Windmills.

Ian Gray contacted/ left message for Betsy Bradsen about Spraying the Vitex vines. Ian also researched the products that may be used or could be used to eradicate the vine. "CrossBow" seems to be the best choice as it is safer for animals.

Some volunteers went to the dunes to meet John Adair after meeting to see the Vitex vines near 9<sup>th</sup> Ave North area.
