### OLD BUSINESS:

Iain Gray reported that the Vitex test was successful, and there is no reason to wait until fall to treat the Vitex. Crossbow will be used. The cost for this should be minimal. ### NEW BUSINESS:

The planting at the new pier sign is not looking well. The grasses planted are too high and don't look well. We discussed planting lantana as it will fare well in the heat and is perinneal.

It was discussed that the area on North Cedar between Lake Dogwood and Lake Elizabeth between 7th and 10th Avenues North is a dangerous area that need to have improvements made, which could include sidewalks and removal of bushes and trees. Terri will put together a proposal for this which will include sketches.

The culvert at the North end welcome sign has high weeds and needs to be trimmed. It needs to be determined who is responsible for mowing and trimming this area.

There was a discussion regarding the trash pickup and rat sightings on Ocean Blvd. The rat problem needs to be brought to the attention of Council so that appropriate measures can be taken. Anyone who has seen rats should let Council know or email Debra Hermann, town clerk, so that people are aware of the problem.

Jan Silverman reported that she had checked into Palmetto Pride grants. November 1 is the deadline for submitting a grant application. We are going to put together a proposal for trees.
