

TOWN OF SURFSIDE BEACH STORMWATER PUBLIC EDUCATION SEMINAR

The Town of Surfside Beach Stormwater Advisory Committee, with support from the Coastal Waccamaw Stormwater Education Consortium, will be hosting a **FREE** community education seminar featuring presentations and an interactive watershed demonstration. John Adair, Public Works Director, will present “Managing Nature-Stormwater Challenges in Surfside Beach”. Dr. Susan Libes, Director of the Waccamaw Watershed Academy at Coastal Carolina University, will also provide an overview of watersheds, stormwater, and some simple steps that you can take at home and/or at work to help protect our local water quality. All are welcome to attend!
