

Surfside Beach Fire Department

Town Council Report

April 24, 2018

Submitted by Kevin L. Otte, Fire Chief

1. Captain Sacra and Volunteer Lieutenant Zimpleman attended the Staff and Command Class that was hosted by the National Fire Academy. This weeklong class helps prepare our members to lead in our department.
2. Lakewood Elementary School brought 46 students to the fire house for a tour and fire safety education. The students always enjoy getting to see the trucks and the station.
3. The committee that will be putting the specifications together for the new fire engine met this month. The committee consists of career and volunteer members. Vendors will be bringing units to the station for members to review and operate.
4. I attended a hurricane evacuation drill and meeting this month. This drill was intended to help communities to be better prepared in the event that we need to evacuate due to a natural or manmade disaster. The drill and meeting were held in Conway.
5. I attended the annual Flood Conference. There were many classes that help with mitigating hazards and it is an excellent opportunity to network. This class included participants from all across the state. The credit that I received for this conference is used to keep my Certified Floodplain Manager (CFM) certification active.
