6. COMMUNICATIONS.

A. Department Reports.

i. Events. Supervisor Ellis presented the written report, a copy of which is attached hereto.

ii. Finance. Director King presented the written report, a copy of which is attached hereto. Ms. King said after the pier is rebuilt, the remaining book value will have to be written off, which will be a significant amount. Mr. Stevens complimented Mrs. King on her dedication and work ethic, saying that he often saw her office lights on after hours as he passed town hall. Mr. Johnson asked for an explanation of the FEMA money received. Ms. King said last year funds were received from Hurricane Irma; the year before it was from Hurricane Matthew, and from an ice storm. All funds were related to disasters.

iii. Fire. Chief Otte presented the written report, a copy of which is attached hereto.

iv. Planning, Building & Zoning. Director Morris presented the written report, a copy of which is attached hereto. Mayor Childs asked if the burnt house would be rebuilt. Ms. Morris said the department determined the house is over 49 percent destroyed and would have to be razed, but the owner could appeal, if the insurance company contradicts that evaluation.

v. Police. Chief Hofmann was absent due to vacation. Mayor Childs said council could ask questions about the report next week when he returned.

vi. Public Works. Director Adair presented the written report, a copy of which is attached hereto. Mr. Adair said most of the Crepe Myrtle trees were removed from Highway 17, and he anticipated that a total of about 50 trees will be transplanted before the Highway 17 project begins. Mr. Ott asked about the transition to paper yard debris bags. Mr. Adair said well for the most part; those still using plastic bags are being notified of the new regulations that were imposed by Horry County Solid Waste Authority.

C. Administrator’s Report. Administrator Pieper said on January 15th he and about 75 staff members attended Municipal Association Defensive Driving class. He attended a US Highway 17 project meeting, during which the county reported that funds are not available to complete the portion between the town’s northern limit and Ocean Lakes, so that will be taken out of the plans. He attended the accommodations tax committee meeting on January 17th. The committee’s recommendation for the current year amendments are on the agenda this evening. He worked with the business committee on a grant application in anticipation of council funding a façade grant for the next fiscal year. The United Way VITA staff asked again to park its bus on Surfside Drive, March 8, from about one o’clock until eight o’clock. Council allowed that last year; VITA assisted about 20 individuals with tax return. Town Council CONCURRED to allow bus parking on March 8th. There is a South Carolina Disaster Hazard Mitigation meeting on Friday, January 25th at 10:30 to which councilmembers are invited. Mr. Adair will attend to represent the town. Mr. Ott asked if Mr. Pieper received any phone calls or requests from residents this week. Mr. Pieper replied, yes, many questions, telephone calls and email messages.

**8. TOWN COUNCIL DISCUSSION.** There was no council discussion.

**9. PUBLIC COMMENTS.** General Comments.

Mr. Dean Sizemore, Harbor Lights Drive, spoke about the entertainment district asking whether studies were completed by police, fire, and public works to address increased service calls. Councilmembers will be responsible to individuals that are harmed by failure to do so. This town is a family beach resort; why do we need to draw more people? As a former risk manager and safety director, he asked if the risk manager was consulted to determine impact to fire and safety ratings. He said attorney’s advice should be used as guidance; councilmembers should do what is right in their heart. He urged council to consider the E district as it was originally presented so as to not harm the town. He asked if the easement to the Authority met the MUTC regulations; a triangle line of sight is required. The E district with zero setbacks violates lines of sight requirement. He hoped and prayed each member would consider changes in the E district.
Ms. Patricia Magliette, Harbor Lights Drive, was concerned about the timeframe for transferring the elections to the county in time for a November 2019 election. We are going to need more police presence in the E district, and also more firemen to ensure safety; a salary increase is also necessary for these first responders. Failures will reflect on councilmembers and may even result in “legalities.”

Mr. Larry McKeen, 6th Avenue South, asked whether the county would also handle special elections. He supported giving police and file salary increases, and said his taxes could be raised to fund those increases. He reiterated his request to have the administrator respond to questions made during public comments and asked why that wasn’t being done, because based on council comments at the last meeting he thought it would be.

Ms. Beth Kohlmann, South Ocean Boulevard, thanked council for deferring the accessory structure ordinance and those who responded to her email message. In her opinion, the individuals to whom her message was addressed should respond to her; not staff. She didn’t understand why the town did not consult with state and federal agencies in advance to ensure the CRS rating would not be impacted by ordinance amendments. Please be more transparent and respectful so you can get the same in return.

Mr. Hal Sharp, 15th Avenue South, said he was trying to install a 100 square foot shed on his property and asked for clarification since the ordinance was deferred. Mayor Childs asked him to speak with the administrator after the meeting.

10. TOWN COUNCIL COMMENTS.

Mr. Ott thanked Ms. Magliette for her question about the executive session minutes. He would find out about that. [Just about] everybody in town has a shed. We are going to ask the planning director to provide all the information about sheds so council can make a rational decision.

Mr. Johnson thanked everyone for attending. He did not believe that executive session minutes were legal, although more times than not the discussions are made public before council gets out the door! That was another issue. God bless you. See you next time.

Mr. Pellegrino thanked everyone for coming. Thank you for comments and input through the week. I spoke to Ms. Kohlmann a couple of times this week, and to Ms. Morris. It’s good to have information from citizens, because many times you may be more informed that we are. I consider all the information; don’t always agree with it, but I do consider it in my decisions. Thank you for being involved and passionate about what is best for the town.

Ms. Scoles thanked everyone for coming, their comments and concerns about the town. We have those same concerns, and I appreciate you bringing to light anything we may have overlooked. Have a good evening.

Mr. Stevens thanked everyone for coming. Have a good week, and thank you for your time.

Mayor Childs said to address Mr. Sharp’s comment that this all started because someone wanted to install an 8 x 8 shed. I don’t know where the 200 square feet came from. We hope to work those differences out and we appreciate your problem.

11. ADJOURNMENT. Mr. Stevens moved to adjourn the meeting at 7:35 p.m. Ms. Scoles second. All voted in favor. MOTION CARRIED.
Clerk's Note: This document constitutes minutes of the meeting that was digitally recorded, and is not intended to be a complete transcript. Appointments to hear recordings may be made with the town clerk; a free copy of the audio will be given to you provided you bring a new, unopened flash drive. The agenda was posted on the entry door at Town Council Chambers. Meeting notice was also posted on the town website at www.surfbsidebeach.org and on the town LED marquee.
