1. CALL TO ORDER. Mayor Childs called the special meeting to order at 10:00 a.m. Mayor Childs and Councilmembers Dietrich, Johnson, Scoles, and Stevens were in attendance. Mayor Pro Tempore Pellegrino and Councilmember Ott were absent. A quorum was present. Others present: Town Attorney Crosby; Town Administrator Pieper; Town Clerk Herrmann; Finance Director King, and Planning Building & Zoning Director Morris.

2. PUBLIC HEARING regarding adoption of Ordinance #19-0903 to set the tax millage for the 2019-2020 Fiscal Year. Mayor Childs opened the public hearing at 10:00 a.m.

Mr. Larry McKeen, 6th Avenue South, said the tax increase appeared to be 3.6% based on his understanding of the mil rate. He personally did not oppose an increase, but many councilmembers campaigned and commented that they would not support any type tax increase. The increase didn’t impact him very much, but those with rental properties will pay more. In addition, the recently adopted stormwater utility fee is effectively a tax increase, but residents with flooding problems deserve to have them fixed. However with the utility fee, his taxes have increased 11.52%. For those who pay taxes on lower assessments, the percentage would be higher based on the utility fee. He wanted people to realize that residents are getting one big tax increase this year.

There were no other public comments. Mayor Child closed the public hearing at 10:03 a.m.

3. EXECUTIVE SESSION Pursuant to the Freedom of Information act §30-40-70(a)(2) to discuss negotiations incident to proposed contractual arrangements (specifically, Atlantic Restaurant Group, LLC). Mr. Stevens moved to enter executive session at 10:04 a.m. Mr. Dietrich and Ms. Scoles second. All voted in favor. MOTION CARRIED. Mr. Dietrich moved to reconvene regular session at 10:29 a.m. Mr. Stevens second. All voted in favor. MOTION CARRIED. Mayor Child stated for the record that no action was taken during executive session.

4. PUBLIC COMMENTS – AGENDA ITEMS. (3 minutes).

Ms. Betty Lowery, 4th Avenue North, said there were rumors that the town bought the new parking lot property at a higher price, because a deal was made with the owner. She wanted to ensure the councilmembers were aware of this and asked them to please address that publicly so the rumors could stop.

5. BUSINESS

A. Second Reading of Ordinance #19-0903 to set the tax millage for the 2019-2020 Fiscal Year, and to amend Exhibit 1 of Ordinance #19-0895. Mr. Stevens moved to adopt second reading of Ordinance #19-0903. Mr. Dietrich second. Ms. King presented the decision paper and ordinance, copies of which are on file. She explained current millage is 46.3; millage based on reassessment would be 41.5, but staff is recommending 43 mils, which represents a 1.5 mil increase that will add $112,500 to revenue. The 43 mils will be effective with the October 2019 tax billing. All voted in favor. MOTION CARRIED.

B. 212 Surfside Drive Development Plans, Director Morris. Mr. Stevens moved to proceed with development of the new public parking lot with removal of trees as per the arborist report presented by Ms. Morris, and further that this lot shall be a paid lot only with no permit or decal parking at this facility. Mr. Dietrich second. Ms. Morris presented the decision paper, a copy of which is on file. She noted that the Americans with Disabilities Act requires one handicapped space for each 25 parking...
spaces, and one of those must be van accessible. Ms. Morris said many of the trees must be removed due to neglect. They are infested with ants and/or have hallowed cores, which make them structurally unsound and creates a safety issue. The existing commercial building requires an asbestos inspection before a Department of Health & Environmental Control will issue a demolition permit; that should be completed in the next ten days. Ms. Morris said staff received email messages regarding parking lots in the Public Land District (PL). The proposed PL District allows parking lots. Both properties are currently zoned C3, which also allow parking lots. There are no setback requirements for parking. Mr. Stevens asked how many parking spaces would be made. Ms. Morris said 40 spaces, which may include some golf cart spaces. Mr. Stevens said the gravel would comply with the stormwater plan, and said these spaces will all be paid spaces, which will generate revenue for many years to offset the cost of the property. Mr. Pieper reminded councilmembers that while the pier is being constructed, the pier parking lot will be closed. The new lot in close proximity will help a lot. Mr. Stevens said he recently read that Horry County is growing at a rate of 400%. Those individuals will be coming to our beach. By providing parking, the town will gain revenue. He supported the project. Ms. Scoles asked if there would be just one handicapped parking space. Ms. Morris said there would be two. Ms. Scoles asked where they would be placed. Mr. Pieper said the final design will include the proper number of handicapped spaces constructed with required smooth surfaces and situated near the sidewalks. Mr. Dietrich asked if Lanier Parking had been contacted regarding enforcement. Mr. Pieper said yes. Lanier recommends using Park Mobile in this lot, by which users would use their telephones or computers to pay using the internet. Mayor Childs asked Ms. Morris if she was clear with the arborist’s recommendations. Ms. Morris said absolutely. All voted in favor. MOTION CARRIED.

C. MOTIONS OR DIRECTIONS RESULTING FROM EXECUTIVE SESSION. There were no motions or directions.

6. ADJOURNMENT. Mr. Stevens moved to adjourn the meeting at 10:41 a.m. Mr. Dietrich second. All voted in favor. MOTION CARRIED.
